Mackfield Kadyaula George

ABOUT ME

I was born on 3 June, 2003 in Lilongwe, Malawi, to my parents Mr and Mrs George Kadyaula. My early years were shaped by a curious environment that encouraged exploration, leading me to Tsogolo Education Centre, then later to Mdzobwe Full Primary School for my foundational education. I was selected to Mzuzu Government Secondary School. My form four MSCE exam results got me selected to the University of Malawi to do my undergraduate degree, Bachelor of Science in Biological sciences.

University was a transformative period that allowed me to bridge the gap between theoretical knowledge and practical application. I took up online courses and other self taught programmes to master website development, information systems and data analysis. My goal is to pursue an MSc in Bioinformatics. I believe the future of medicine and biological discovery lies at the intersection of computational power and laboratory expertise.

EXPERIENCE

2024 **Enumerator and Data analyst**
AGRICULTURAL EXTENSION DEVELOPER COORDINATOR (AEDC),

ROLES
- Field data collection.
- Data cleaning.
- Data analysis.

2025 **Laboratory Intern**
KAMUZU CENTRAL HOSPITAL (KCH)

ROLES
- Labs included; Microbiology and Parasitology
- Sample reception and registry.
- Urinalysis, culturing, biochemical tests, TB GeneXpert operations, fertility tests and microspoy
- .

2025 **Laboratory Intern**
CENTRAL VETERINARY LABORATORY

ROLES

- Labs included; Virology, parasitiology, bacterialogy, toxicology and DNA.
- Sample reception and registry.
- PCR, VITEKMS and VITEK 2 operations, forensics, biochemical tests, microscopy, TB diagnosis, toxicology diagnosis and culturing.

EDUCATION

2021 **Malawi School Certificate of Education (MSCE)**
MZUZU GOVERNMENT SECONDARY SCHOOL

2025 **Certificate in Data Collection and Statistical Analysis (R, STATA, KOBO TOOLBOX, SPSS)**
UNIVERSITY OF MALAWI

2025 **Good Clinical Practices (GCP) Certification**
GLOBAL HEALTH TRAINING CENTRE

2026 **Bachelors Degree in Biological Sciences (Incoming August)**
UNIVERSITY OF MALAWI

SKILLS

SKILLS
1. Data Collection and Statistical Analysis in R, STATA, KOBO TOOLBOX and SPSS
2. Front-end Website Development
3. Scientific writing and communication
4. Clinical Research
5. JavaScript and Python Programming
6. Digital registration, Profiling and Geo-Mapping
